25a/2021	<p>Minute 25a/2021 was taken at this point.</p> <p><u>PA20/10597, Land E of Grampound</u> – change of use of land to a family gypsy /traveller site comprised of 4 pitches including 4 no. mobile homes, 4 no. touring caravans, 4 no. day rooms, and associated works. Part retrospective.</p> <p>Mr Martin Woodley, case officer had briefed Members, via Microsoft Teams, on 15th February and Cllr. Taylor had circulated notes of the meeting.</p> <p>Cllr. Taylor said there were no objections from residents on CC’s website, however, there was an objection from Highways regarding the entrance. Cllr. McGuinness said that extending the 30mph limit to further up Grampound Hill would mitigate this issue. County Cllr. Egerton said the old A390 could be used by traffic coming from St Austell. It was thought the gate had been installed by SW Water and Cllr. Egerton is looking into this.</p> <p>Mr Woodley had explained different regulations apply to traveller sites that supersede the regulation regarding development in the open countryside. Cllr. Turner said she was concerned about the precedent this application was setting – she asked if CC were circumventing their obligations to provide traveller sites. Cllr. McGuinness said he believed it was national government policy to encourage individuals to buy land and set up their own traveller sites.</p> <p>It was RESOLVED to support the application subject to appropriate measures to mitigate the concerns of Highway, with suggestions to include an extension of the 30mph limit to the top of Grampound Hill and to extend the pavement and re-site the speed camera.</p>	Clerk
29c/2021	<p>Minute 29c/2021 (second bullet point) was taken at this point.</p> <p><u>River Fal</u> – the communication from FofF regarding the path’s surface, had previously been emailed</p> <p>It was clarified that the path is classified as a footpath and should not be used for quadbikes, horses, etc. Cllr. McGuinness suggested that Imerys may be able to help with a topping for the path. Ms Roberson felt strongly that the planings provided by the Countryside Ranger were inappropriate for use on this path but could be used as a hardcore base on the SW Water area.</p> <p>Cllr. Jones said he uses the path regularly and he did not have a problem with the surface that was in place. He supported County Cllr. Egerton’s definitive report. Members were not convinced that residents support / want the level of improvement proposed by FofF.</p> <p>Ms Swanson said that underneath the mud is granite. She offered to withdraw the FofF’s offer to assist with maintenance of the path.</p> <p>Cllr. Bowden said it would have been better to have approached this subject less abrasively.</p> <p>Cllr. Taylor said the PC had no intention of interfering with the FofF’s plans for the area covered by their lease with Trewithen, e.g. the play area. He said that FofF did not need the PC’s permission to apply for grants to upgrade the path</p> <p>Cllr. Turner said that if money was spent on upgrading the path then horses, quadbikes, etc. still cannot use it – it is designated as a footpath only.</p> <p>Cllr. McGuinness offered his services as a Chartered Landscape Architect but would not want to lose the rural aspect of the path.</p> <p>It was RESOLVED to ask FofF to investigate upgrading of the path using more environmentally friendly materials and report back to the PC, but to ensure its rural character is maintained.
